

SEMI-WEEKLY INTERIOR JOURNAL.

VOL. XXII.

STANFORD, KY., TUESDAY, NOVEMBER 27, 1894.

NO. 76

MATRIMONIAL MATTERS.

—George C. Sandifer, of Danville, a well-known traveling man, and Miss Janie C. Massie, of Dawson, were married at the Palmer House, Paducah.

—An unusual suit is being prosecuted at Centerville, Mich. A man is suing a woman for breach of promise, alleging that he is greatly damaged by her failure to marry him. As he is poor and she very rich, we suppose he can establish his allegation.

—Mrs. G. O. Givens, who has just returned from the marriage of her sister, Miss Sallie Moore, to Mr. George Stuart in Bourbon, tells us that on the 6th of December, her niece, the beautiful Miss Fields Jameson, will become Mrs. Palmer Graham. The fortunate groom lives in Terre Haute, Ind., and thither he will take his bonnie bride.

—Clay county sees Madison's county's Clay and goes it one better. Over a year ago the Courier-Journal contained the announcement that Col. David Y. Lytle, aged past 78, an ex-State Senator and a lawyer of some note, had married a pretty mountain lass who was just 16. She was his fourth wife, but the colonel's love was as fresh and warm and young as when half a century before he had been made a groom for the first time. A few days ago he was about to make a motion before the judge, when a box of safety pins fell from his pocket and caused the gentle colonel to blush like a school girl. Thursday night there appeared at his home a little Lytle, and the young man was at once named Henry Watterson Lytle, and elected a life member of the Clay County Democratic Club.

—Did you ever think how many male and female ancestors were required to be born to bring you into the world? First, you had a father and mother. Each of these had a father and mother; that makes six. Each of these had a father and mother; that makes 18 human beings. We go back through all the generations to the time of Jesus Christ, and it shows that 136,245,017,480,934 persons had to be born to bring you into the world—you, who read these lines—Columbia Spectator.

—Before committing suicide Editor James Liddle, of the Preston, Ia., Times, wrote up the item for his paper, head lining it as follows: "Liddle dead.—The editor of the Times takes his own life.—Worn and weary, tired and disgusted, he seeks his eternal rest.—James Liddle today went to the high bridge, between Preston and Miles, and deliberately threw himself on the track before a passing train. The wheels passed over his body and death was instantaneous."

—It is understood that Mrs. Cleveland will be compelled to retire from society again this winter in anticipation of an interesting event that is expected to occur in March next. Several ladies of the diplomatic corps will be missed this winter for the same reason, including the beautiful American bride of the French Ambassador, Mr. Yu, the Chinese Minister's wife.

—A needle that Mrs. Tabitha Whitman swallowed in 1839 came out at her elbow the other day. Mrs. Whitman, now 92 years old, acts as housekeeper for her son-in-law, Dr. J. C. Walton, of Mumfordsville, and is as spry as most women of 60 or 70.

—It takes 740 tons of gold, or their equivalent, to pay the expenses of the United States government for the year 1894. The necessary teams to haul it, allowing a ton, and 25 feet, to a team would make a procession over 3½ miles long.

"You must miss your husband very much, Mrs. De Lynn."

"Miss him! I should say I did. He was the only man I could ever trust darling Fido with," and she wiped away a pensive tear.

When lovely woman stoops to folly, And finds too late that men betray, What charm can soothe her melancholy? What art can wash her guilt away? Goldsmith.

For a pain in the side or chest there is nothing so good as a piece of flannel dampened with Chamberlain's Pain Balm and bound on over the seat of complaint. It affords prompt and permanent relief and if used in time will often prevent a cold from resulting in pneumonia. This same treatment is a sure cure for lame back.

For sale by Dr. S. G. Hocker, druggist, Stanford.

MIDDLEBURG, CASEY COUNTY.

—Another store has been opened up at Yosemite. We ought to have cheap goods with 11 stores within 4 miles of us.

—W. P. Keeney is tearing calico behind the counters of James Lawhorn's store at Yosemite. Mrs. Dr. L. S. Wesley has moved to her father's, Mr. J. M. Darham, to live during the absence of her husband. The doctor will be absent a month or two months.

—There is much complaint in the Indian Creek neighborhood of chicken and corn thieves. Mrs. Fred Dalk had nine fryers taken from a coop a few nights since, while other roosts in the vicinity have been raided. Mr. J. G. Russell's corn crib has been visited frequently of late and the old man, who is of an inventive turn of mind, is preparing a trap to catch the rascals.

—A few mornings since Mr. McD. Royalty got up pretty early and made a fire in the cook stove and returned to the sitting room. Mrs. Royalty was a little slow in going to the kitchen and Mack returned to see how the fire was getting along, when he found that his favorite cat had been shut up in the stove and was about roasted alive. It was some time before the scent of the burnt hair and toe nails could be cleared from the room; it took considerable work to set the stove in order and it may be supposed that breakfast was late that morning.

—On January 1st full control of the affairs of the county, for the first time in her history, will go into the hands of the republicans, and it remains to be seen how things will be run. The officers elected are all good men, but inexperienced and know comparatively nothing about the business they will soon be called upon to transact. We do not pretend to predict that they will be failures; but on the other hand, we believe that some of them will successfully conduct the business of the office to which they have been elected. We can not help but think it was unwise to turn the administration of affairs into inexperienced hands; and the people may regret it when it is too late. The matter of salaries will doubtless be looked after very closely. County Sup't P. H. Taylor was allowed \$800 per annum by the fiscal court, when his predecessor, J. W. Hoskins, who is acknowledged to have made the best superintendent the county ever had, held the office for \$600. As the next fiscal court will be composed of six republicans and three democrats, it is supposed that the salaries of the other officers will be raised in proportion to that of Mr. Taylor. We shall claim the right to lay these matters before the public and we shall do so fearlessly. But if the acts of these officers deserve commendation, no one will more readily accord to them their just deserts than the writer.

—Miss Alice Eubanks is thought to be improving now. Dr. Cicero Eubanks and wife have returned to their home in Paducah.

—J. J. Walker bought some feeding cattle of Dock Chestnut at \$1. J. S. Murphy and T. G. Nunnally are cribbing their corn at the store here for next summer's market.

Farmer Cornsossel had a little business in the city and concluded to get his dinner at a hotel. He made his wishes known to the clerk, who affably remarked:

"Just got into the city?"
"Yep."
"Well, be kind enough to register."
"Register?"
"Certainly."
"Git out!"—and there was intense scorn in his voice—"What air ye tryin' ter give me? 'Lecton's over."

Two Lives Saved.

Mrs. Phoebe Thomas, of Junction City, Ill., was told by her doctors she had consumption and that there was no hope for her, but two bottles of Dr. King's New Discovery completely cured her and she says it saved her life. Mr. Thos. Eggers, 139 Florida St., San Francisco, suffered from a dreadful cold, approaching consumption, tried without result everything else then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is such results of which these are samples, that prove the wonderful efficacy of this medicine in coughs and colds. Free trial bottles at A. R. Penny's Drug Store. Regular size 50c and \$1.

He has labored hard and earnestly to bring his church members into Christian fellowship and to advance the cause of Christ in our midst and we would regret very much to part with him.

—Yale defeated Harvard 12 to 4 at Springfield Saturday. The game was a rough one and many players were hurt, some seriously. One had his collar-bone fractured and another was mortally wounded.

—M. J. Cain has been appointed postmaster at Cain's store, Pulaski county.

Henry Wilson, the postmaster at Welshton, Fla., says he cured a case of diarrhoea of long standing in six hours, with one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

What a pleasant surprise that must have been to the sufferer. Such cures are not unusual with this remedy. In many instances only one or two doses are required to give permanent relief. It can always be depended upon. When reduced with water it is pleasant to take.

For sale by Dr. S. G. Hocker, druggist, Stanford.

W. A. McGuire, a well-known citizen of McKay, O., is of the opinion that there is nothing so good for children troubled with colds or croup as Chamberlain's Cough Remedy. He has used it in his family for several years with the best result and always keeps a bottle of it in the house. After having a gripe he was himself troubled with a severe cough. He used other remedies without benefit and then concluded to try the children's medicine and to his delight it soon effected a permanent cure.

25 and 50 cent bottles for sale by Dr. S. G. Hocker, druggist, Stanford.

After the transaction of the usual business and an address by Dr. Savage, a collection was taken up amounting to \$35. R. G. Ward was elected president, W. H. Wherritt, secretary, and W. H. Kinnaird, treasurer.

HIGGINS & McKINNEY.

W. P. WALTON.

It is no credit to a government like ours to have to increase its debt in time of profoundest peace, but it is a credit to any government to have the credit that our government has. The McKinley bill and other reckless republican legislation has made the issue of \$100,000,000 in bonds necessary, fifty millions of which were disposed of some time ago at a premium and now for the other fifty million bids aggregating \$154,270,900 are made, most of them being at a premium which makes the interest less than 3 per cent. A syndicate consisting of the United States Trust Company, Drexel, Morgan & Co., and others offers to take the entire issue at 117 7/8. This is exceeded by only about \$10,000,000 of other bids. There were 297 bids received.

AFTER saving many millions of the reckless appropriation for pensions this year, the estimate for next year is \$25,000,000 less than before. This saving alone ought to have kept the democrats in power. A big amount of the sum paid to pensioners goes to men who are not entitled to the bounty of the government and supports the scamps in idleness at the expense of honest men. Some of the stoutest and most able-bodied men of every community are being supported by the government, who smelled no powder in war and are not worth in peace the powder it would take to kill them.

EVIDENCE is cumulative that Judge B. L. D. Guffy is not such a bad egg nor so poor a lawyer after all, as was claimed. Col. W. O. Bradley has passed on him and gives him a first-class certificate of character and capability, and we all know that the colonel is an honorable man, who wouldn't speak unless he knew the whereof of that which he affirms. If this thing keeps on, however, the old turncoat will be made out to be the greatest lawyer that ever lived and leave people to wonder why it had never been discovered until he was elected to the highest court in the State.

THE West Virginia Legislature will stand in the Senate republicans 14, democrats 12, in the House 49 republicans and 22 democrats. A canvass of these representatives shows that Stephen B. Elkins will be the next U. S. Senator from that State. His election will likely be by acclamation since every member of the Second and Fourth Congressional districts has declared for him, with over half of those in the Third and First. He was secretary of war under Harrison.

THE perennial and versatile Mrs. Cuthbert Bullitt, of Louisville, waits to the footlights again to say that she has withdrawn her suit for divorce, "feeling that it is but 'human to err and divine to forgive,' and begging the patient forbearance of our friends and the public in our unfortunate and deplorable domestic differences." And now if Mrs. Cuthbert Bullitt will let this be her farewell appearance on any stage, all will be forgiven when she lets herself be forgotten.

Gov. McCREARY expresses his thanks to the disinterested statesmen who would pull Hardin and Clay off the track and nominate him for governor, but says "your candidate I can not be." The governor has an almost dead sure thing on the Senatorial plum and is smart enough to see the fine Italian hand of Senator Blackburn in this visionary effort to side track him.

JUDGE W. M. FINLEY is tired of licking stamps and has resigned his position as assistant postmaster of Louisville to become half owner and editor of the Louisville Truth. All his friends will be glad to hear that he has decided to let his light shine instead of hiding it under a bushel in a dark custom house and return to the profession that he brightens and adorns.

THE Cincinnati Commercial Gazette is decidedly off color in politics, but as a newspaper that gives all the news and an almost endless amount and an infinite variety of good reading matter it is par excellence. Its daily is one of the greatest and its semi-weekly, which we advertise in another column, is at once the cheapest and best in the country.

THE Carlisle Mercury knows good things when it sees them. It appropriates several articles from this paper, but fails to give credit to whom credit is due. Our friends are perfectly welcome though to anything we have, with or without credit and with or without thanks.

A FIEND named Anderson confessed on the witness stand in a divorce case at Fargo, N. D., that he had been paid \$400 and expenses to swear away a woman's character. A mob should have taken him then and there and sent his accursed soul to hades.

THE book-keeper of the National Shoe and Leather Bank at New York is a considerable kind of a cuss. He got off with \$354,000 of the concern's cash, but was kind enough to leave the safe and bad debts for the stockholders to console themselves with.

THE Japs are proving the finest fighters of modern times and the Chinese the biggest cowards. They captured Port Arthur last week, which was the strongest fortress in China, after a short, sharp and decisive battle, which may soon end the war. The emperor's best troops melted away like dew before the sun as the determined Japs smote them fore and aft. The capture of this citadel is regarded by experts as a remarkable achievement of an invading army far from its base of supplies and goes to prove that the Japanese are loud if they are little.

SINCE the late landslide, scores of republicans are getting themselves mentioned as candidates for governor. Some of them were never heard of before and possibly never will again. It doesn't hurt to mention them, but all the same Col. W. O. Bradley will be the republican nominee just as sure as that Hardin or Clay will knock the socks off of him in the final round a year hence.

THE Richmond Register is the only paper we have seen that has the temerity to take up for the hated secret ballot mode of voting, and we believe it does it more in fun than in earnestness.

Harper's Magazine

In 1895.

The Simpkins, a new novel by Thomas Hardy, will be begun in the December Number, 1894, and continue to November, 1895. Whoever may be one's favorite among English novelists, it will be conceded by all critics that Thomas Hardy stands foremost as a master artist in fiction, and the Simpkins may be expected to arouse enthusiasm not inferior in degree to that which has marked Friby—the most successful story of the year. Another novel will be the Personal Recollections of Joan of Arc, by the Sieur Louis de Conte, Her Page and Secretary, under which guise the most popular of living American magazine writers will present the story of the Maid of Orleans. In the January Number will appear a profusely illustrated paper on Charleston and the Carolinas, the first of a series of Southern Papers. Northern Africa is attracting more attention than at any other time since it was the seat of empire. The next volume of HARPER'S MAGAZINE will contain four illustrated articles on this region, and three of them will depict the present life there. Julian Ralph will prepare for the MAGAZINE a series of eight stories, depicting typical phases of Chinese Life and Manners. Besides the long stories, there will begin in the January Number the first chapters of a Three-Part Novellette, by Richard Harding Davis—the longest work yet attempted by this writer. Complete short stories by popular writers will continue to be a feature of the MAGAZINE.

Harper's Weekly

In 1895.

HARPER'S WEEKLY is a pictorial history of the times. It presents every important event promptly, accurately, and exhaustively in illustration and descriptive text of the highest order. The manner in which, during 1894, it has treated the Chicago Railway Strikes and the Chinese-Japanese War, and the amount of light it was able to throw on Korea the instant attention was directed to that little known country, are examples of its almost boundless resources. Julian Ralph the distinguished writer and correspondent, has been sent to the seat of war, and there, joined by C. L. Weldon, the well known American artist, now for many years resident in Japan, who has been engaged to co-operate with Mr. Ralph in sending to HARPER'S WEEKLY exclusive information and illustrations.

During 1895 every vital question will be discussed with vigor and without prejudice in the editorial columns, and also in special articles by the highest authorities in each department. Portraits of the men and women who are making history, and powerful and caustic political cartoons, will continue to be characteristic features. This Busy World, with its keen and kindly comment on the lesser doings of the day, will remain a regular department.

Fiction. There will be two powerful serials, both handsomely illustrated.—The Red Cockade, a stirring romance of olden days by Ethelred J. Weyman, and a novel of New York, entitled The Son of His Father, by Brander Matthews—several novelettes, and many short stories by popular writers.

Send for Illustrated Prospectus. The Volumes of the WEEKLY begin with the first number for January of each year. When no time is mentioned, subscriptions begin with the number current at the time of receipt of order. Cloth Cases for each volume, suitable for binding will be sent by mail, postpaid, on receipt of \$1 each. Title page and index sent on application.

OUR people are showing their appreciation of a good thing by reserving seats for the lecture of Gen. Gordon. Already 96 have been sold and the prospect is that every seat will be taken by the time the distinguished gentleman appears on the stage.

IN order that editor, business manager and composers and even the devil may have a better chance to give thanks, the next issue of the INTERIOR JOURNAL will be printed Wednesday night. Our correspondents will please observe and govern themselves accordingly.

THE combined weight of Tom Yeager's foot ball team which will play the Centre College eleven, No. 2 here Friday, is a little over 2,000 pounds. J. W. Perrin, Bright Ferrill and Mack and Crit Eubanks are the heaviest members. Mr. Perrin, who beats them all, tips the beam at 242.

THE Richmond Register has a compositor, who sets three galleys a day of brevier and distributes two cases. His name is George W. White and he has been sticking types for 45 years. Treat him tenderly, Bro. Green. Such jewels as he are rarely found in earthly crowns.

THE Knights of Pythias elected the following officers Thursday night to serve the ensuing six months, beginning Jan. 1. Chancellor Commander, J. S. Wells; Vice Chancellor, C. E. Tate; Prelate, Joe F. Waters; Keeper of Records and Seal, J. D. Wearin; Master at Arms, R. G. Denny; Master of Work, Jesse M. Alverson; Master of Finance, Albert Severance; Master of Exchequer, Dr. W. B. O'Bannon; Trustee, S. W. Menefee.

AFTER discovering masked batteries, 30 year old whisky and most every other thing of value in the caves around Middleboro, the voracious, if not voracious, correspondent there, has now found a gold mine. He says "excitement over the wonderful find of gold at Lone Mountain, Tenn., 20 miles from there, is unabated. Three thousand people are on the grounds. Five thousand dollars were taken out yesterday. This makes \$50,000 in all."

AFTER fully considering the matter and confident of the justice of his cause, G. B. Cooper has served formal notice of contest on Mr. J. F. Cammins, who was given the certificate of election to the county clerkship on a majority of six votes. Mr. Cooper presents the names of over 60 voters, whom he thinks he can prove voted illegally and his attorneys do not think there is any doubt of his success in the contest.

TWENTY couples, scores of young men without company and numerous spectators enjoyed the hop at Walton's Opera House, Friday night, which was a delightfully pleasant informal affair. Besides the home girls, there were present from Hustonville, Misses Jennie Reid, Jessie and Kate Cook, Frances and Mary Adams and Nannie Kennedy, Miss Isabella Owsley, of Hubble, and others. B. H. Danks, J. A. Mudd, C. A. Cox and C. H. Sedam furnished the music, which was regarded as good as ever furnished a hop here.

IN his opening address before the Caledonian Literary Society Saturday night Mr. J. L. Beazley paid Mrs. J. F. Gover, of Turnersville, the originator and founder of the Society, a deservedly high compliment, but if that good lady had been present and watched the subsequent proceedings, "she might have blushed for its degeneracy, since a cultivation of the heels instead of the head seems to be requisite to membership now. President S. W. Menefee explained that he was disappointed in some of his "talent" failing to keep their promises, and it was only after much difficulty that he could present a program at all. Barring the negro dancing business, which was out of place, and other things, there were some excellent features, notably the duets by Misses Mary Cowen and Alice Holmes, the violin solo of B. H. Danks to an accompaniment on the organ by Mrs. J. E. Portman, and Miss Margaret Hughes' recital. The Woodrow band made some good old time music and George B. Dunn read the paper, which was a decidedly personal affair, and the meeting adjourned sine die.

THERE will be a hop at the Carpenter House Wednesday night.

CABINET pictures reduced from \$3 to \$1.99 per dozen for the remainder of this month only, at Earp's gallery, Stanford.

THE Corbin Enterprise has something new in personals. In its last issue it prints the gratifying information that Mr. So-and-so has sobered up.

SUPPER.—Mrs. John Traylor asks us to announce that there will be a basket supper at Goshen church next Saturday night, Dec. 1, to which the public is cordially invited.

WE had thought of running a special train to Lancaster to bring people to hear Gen. Gordon, but as the chances are that the house will be crowded we have given up the intention.

DON'T fail to see our fur, Brussels, velvet and carpet rugs. Our beautiful work tables, and table covers, table sets, throws, towels, &c., &c., for Christmas or any other time. Hughes & Tate.

A PRETTY good rain fell Friday, since which time beautiful weather has prevailed. The signal service would not venture a prediction for to-day, simply saying in its dispatch yesterday, "Fair, warmer to-night."

GAME is plentiful in Casey. In a five-hours' hunt near Middleburg Saturday, Messrs. Coleman, Dye, Floyd, Spears, Elliott, Helm and Waters killed 21 quails and five rabbits. Mr. Helm distinguishing himself as a crack shot and sportsman.

WE are much indebted to our good friends of the Lancaster Record and Mt. Vernon Eagle for notices of Gen. Gordon's lecture, even if one did say it would be delivered next Tuesday and the other Friday. The date is Thursday, Nov. 29, Thanksgiving night, and don't you forget it.

THE gas vein struck at the water works in boring for water has about spent its force, though it is still burning. Mr. B. J. C. Howe, who came from Indianapolis to pronounce on it, says that in the gas fields such veins are given no attention, except to indicate the fact that paying quantities may be found by going deeper. He advises further test here and the directors are going to consider the advisability of it.

GEN. GORDON has never before appeared in a town, the size of Stanford and it was only on a big guarantee that he could be induced to come now. It is the opportunity of a life time to hear one of the leading and about the last of the great participants tell of the stirring times of the "Last Days of the Confederacy," and judging from present indications, it will be embraced by as many as can crowd into the Opera House. Secure a ticket if you would be sure of a seat.

CHURCH AFFAIRS.

—Rev. A. V. Sizemore will preach at Halls Gap next Sunday afternoon at 3 o'clock.

—The meeting at the Cumberland Presbyterian church at Winchester conducted by Rev. B. T. Watson, of Princeton, closed with 24 additions.

—A small volume entitled "Soldiers' pocket Bible," one of a number carried by Oliver Cromwell's soldiers, was sold at Boston Wednesday for \$1,000.

—"Bless the Lord" were Rev. J. V. Guthrie's last words as he fell dead of heart disease at Marion. He was pastor of the Southern Presbyterian church there.

—Rev. Mr. Willis, of Parkland, preached at the Christian church Sunday. He says that the meeting Rev. W. E. Ellis is holding for him is progressing with good results.

—During the two weeks' meeting of Rev. F. D. Hale in Louisville, 81 have joined the church. Thirty of them were baptized Sunday night before a congregation of 1,400.

—The work of the W. C. T. U. is all embracing in its scope. At its present meeting in Cleveland the topics under discussion ranged from the highest problems of government to the question of abolishing the corset.

—Hohannes Kavagiovian, from Marash, Silecia, Turkey, delivered an entertaining lecture at the Christian church Sunday on the "customs and religions" of his country. He has graduated at the Lexington Bible College and will return to Turkey soon to preach the gospel.

—Rev. A. V. Sizemore shot it into the dancers at his morning service Sunday and at its close the church appointed a committee of six to discipline the members that needed it. The committee is as follows: A. C. Carman, J. H. McAllister and M. F. Elkin, Mrs. Annie James, Mrs. Mattie Nevius and Mrs. Phil Nunnelly.

—The thanksgiving service of the Christian Endeavor Sunday was both appropriate and interesting. Miss Margaret Hughes presided in a praiseworthy manner and Messrs. F. M. McRoberts, A. C. Sine and J. M. and E. H. Beazley made short addresses. Mr. McRoberts referred to the fact that in its history of a year the Society had missed but one meeting and that there was cause for thankfulness that no death had occurred among its large membership in that time. Miss Mary Cowen sang a beautiful solo with almost incomparable sweetness and the meeting closed with the established benediction of the Society said by the members in unison.

—Bishop McQuaid, of Rochester, preached a highly sensational sermon Sunday, in which he roundly denounced the action of Archbishop Ireland in taking part in the recent campaign in New York State. He declared it was undignified, disgraceful to his episcopal office, a scandal in the eyes of all right-minded Catholics and a piece of meddlesome interference, and that his action was merely in payment of a debt to the republican party, and should be as publicly rebuked as the offense was publicly committed.

—Dr. B. Carradine, of St. Louis, opened up his batteries on the cohorts of the devil here Sunday and it is generally predicted that he will create such a religious fervor and enthusiasm before his 10-days' meeting is through that the whole community will be effected. He is a speaker of great power and fully imbued with the belief that God can cleanse us from all sin, he preaches the doctrine of sanctification and holiness with a vim and vigor, which shows his entire consecration to it. The singing is conducted by Rev. E. T. Rineheart, of New Albany, who has been with the doctor for some time and that is a special feature. The organ has been placed upon the chancel and there the singers sit, with the leader, who sings as if he was under the power of the Holy Ghost. Services begin at 10 A. M. and 6:30 P. M. with half an hour of song and praise before the sermon. There never was such a crowd in the Methodist church as was gathered Sunday night; every space was occupied; many standing through the entire service, while others could not get in at all. The pastor, Rev. W. E. Arnold, extends a loving invitation to all to come and be benefited by the meeting.

If we could meet the first girl
Who heard us breathe love's vow,
She'd probably be the last girl
Who'd hear us breathe it now.
